Multi-State

Date: October 2025

Subject: FinCEN Filing Preparation

Creating Accounts in Preparation for Filing FinCEN RRER Forms

Starting on March 1, 2026, settlement agents will be collecting information on residential real estate transactions and reporting the information to the Financial Crimes Enforcement Network (FinCEN). Prior to the start of this new requirement, accounts will need to be created at login.gov and with FinCEN itself. This guide is to assist Supervisory Users and Users in creating these accounts.

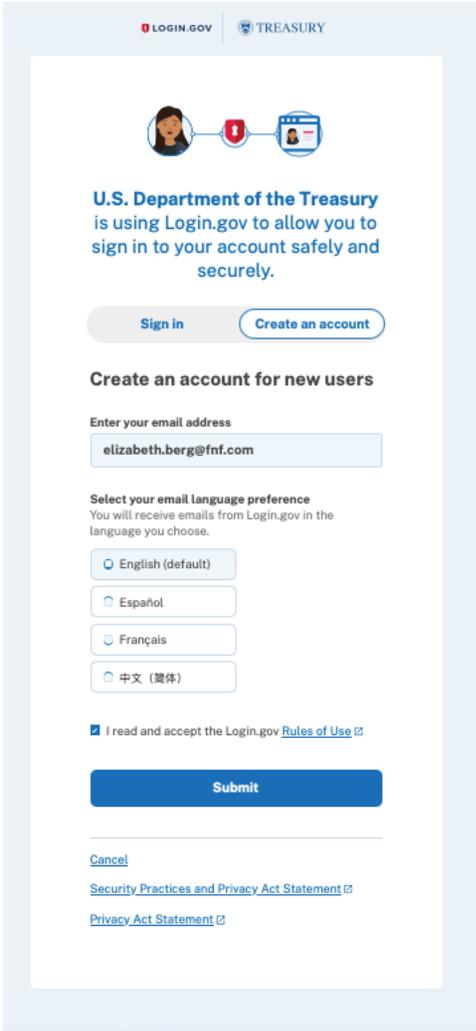

There are two types of accounts: **Supervisory User** and **User**. A settlement agent will want to establish who will be supervisory users and users in advance of setting up accounts. Supervisory Users will have authority to change entity information and view all aspects of an organization's filing status while a User will only be able to see the status of their own filings.

For business continuity purposes, it is advisable to have at least 2 Supervisory Users.

Login.gov

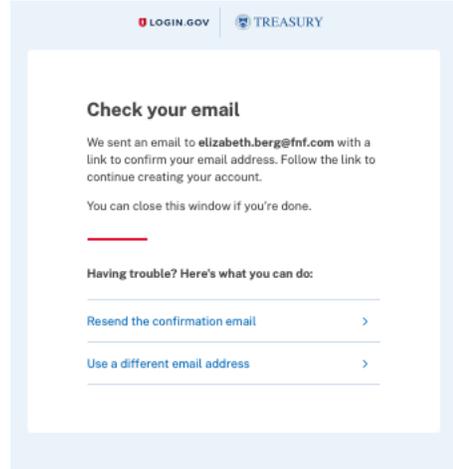

Login.gov is the federal government’s method of cybersecurity. To file FinCEN reports, accounts for all FinCEN Supervisors and Users will need to be filed.

Step 1: Provide the User’s email and other information to Login.Gov

The screenshot shows the 'Create an account' page on Login.gov. At the top, it says 'U.S. Department of the Treasury is using Login.gov to allow you to sign in to your account safely and securely.' Below this are 'Sign in' and 'Create an account' buttons. The 'Create an account for new users' section includes a text input field for 'Enter your email address' with the value 'elizabeth.berg@fnf.com'. Below that is a section for 'Select your email language preference' with radio buttons for English (default), Español, Français, and 中文 (简体). A checkbox is checked for 'I read and accept the Login.gov Rules of Use'. A blue 'Submit' button is at the bottom. Links for 'Cancel', 'Security Practices and Privacy Act Statement', and 'Privacy Act Statement' are at the very bottom.

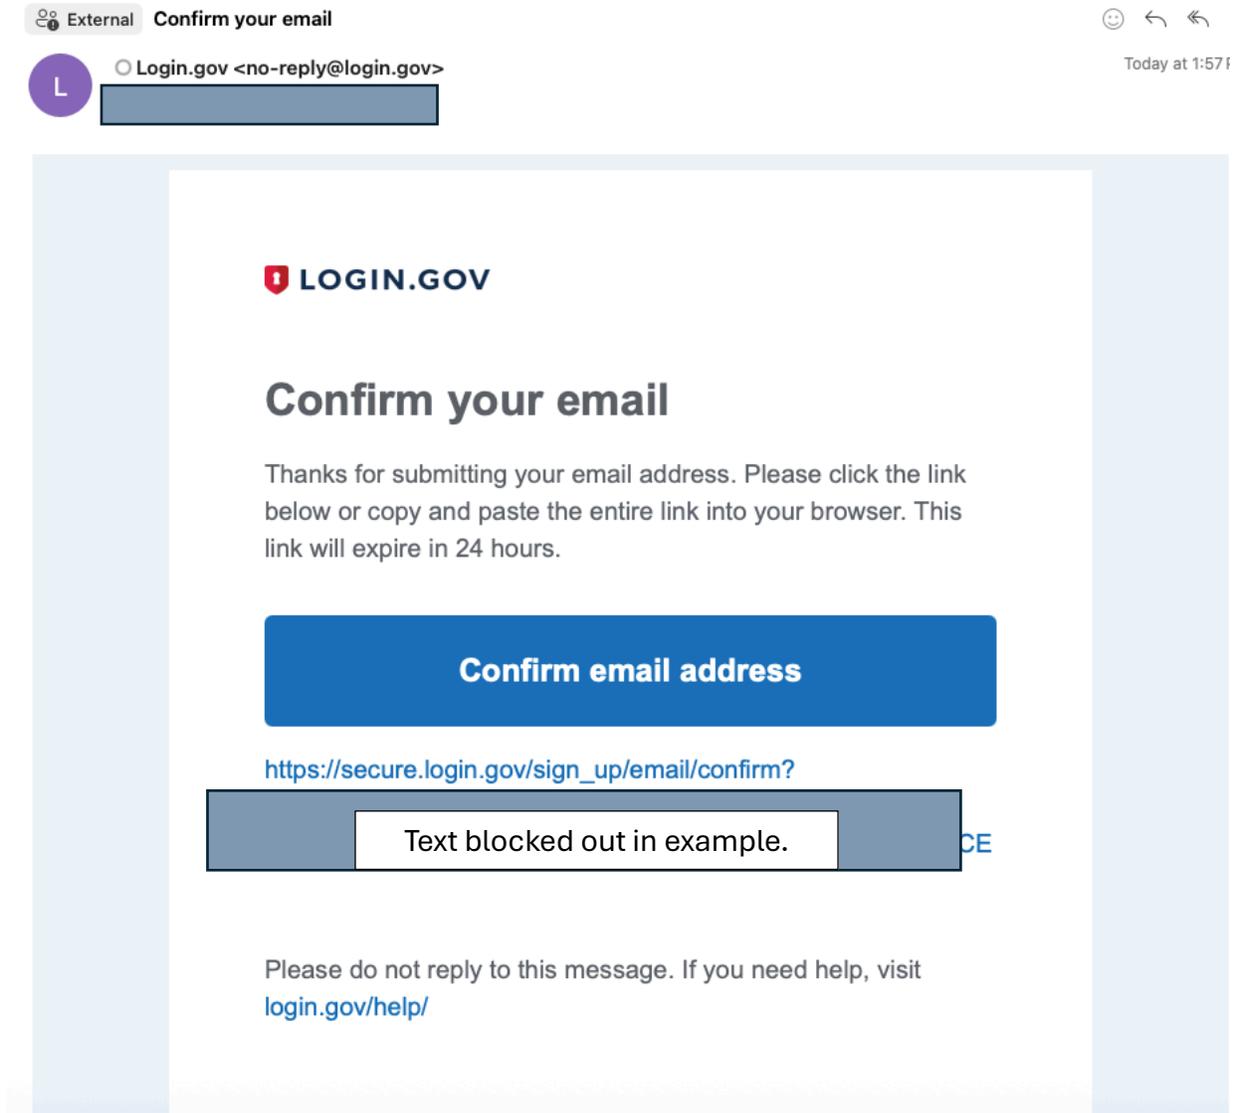

Step 2: An email will be sent by Login.Gov

The screenshot shows the 'Check your email' confirmation page. It states: 'We sent an email to elizabeth.berg@fnf.com with a link to confirm your email address. Follow the link to continue creating your account. You can close this window if you're done.' Below this is a section titled 'Having trouble? Here's what you can do:' with two links: 'Resend the confirmation email' and 'Use a different email address', both with right-pointing chevrons.

These guidelines should not be construed as legal, financial or business advice. We recommend you consult your legal counsel and subject-matter experts to determine appropriate policies, procedures and strategies applicable to your office or organization.

Step 3: The User will receive an email that looks like this requiring the User to confirm their email address

These guidelines should not be construed as legal, financial or business advice. We recommend you consult your legal counsel and subject-matter experts to determine appropriate policies, procedures and strategies applicable to your office or organization.

Step 4: After the User’s email is confirmed, the User will need to create a strong password.

Step 5: The user will set up their first multi-factor method to authenticate their account.

LOGIN.GOV | TREASURY

Authentication method setup

Add an additional layer of protection to your Login.gov account by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

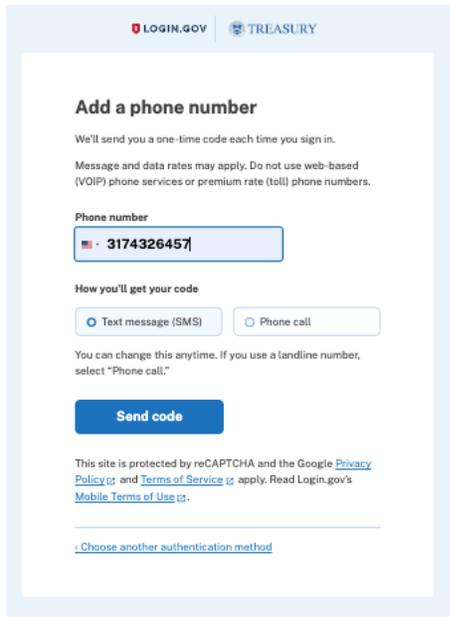

- Authentication application**
Download or use an authentication app of your choice to generate secure codes.
- Text or voice message**
Receive a secure code by (SMS) text or phone call.
- Security key**
Connect your physical security key to your device. You won't need to enter a code.
- Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.
- Backup codes**
A list of ten codes you can print or save to your device. Because backup codes are easy to lose, choose this option only as a last resort.

BSA E-Filing System available at <https://bsaeiling.fincen.gov>

FinCEN collects many different report types in its BSA E-Filing System that was created to handle Bank Secrecy Act reporting. Even though the form input portal has not been created by FinCEN yet, Supervisory Users and Users can still begin to explore the system in preparation for the March 1, 2026 start date.

Step 1: A Supervisory User begins on this page to “Create a Supervisory User account.” **A SUPERVISORY USER IS CREATED AT THE SAME TIME AS THE ORGANIZATION IS REGISTERED WITH FinCEN.**

The screenshot shows the homepage of the BSA E-Filing System. At the top left is the U.S. Treasury seal. The main header reads "BSA E-Filing System" and "Financial Crimes Enforcement Network". There are links for "Login" and "File FBAR" in the top right. A search bar is also present. Below the header is a navigation menu with items: HOME, ABOUT, RESOURCES, NEWSROOM, FILE FBAR, ENROLL, and HELP. A prominent orange banner contains a warning icon and text: "FinCEN has issued a [Geographic Targeting Order \(GTO\)](#) to combat the illicit activities and money laundering of Mexico-based cartels and other criminal actors along the southwest border of the United States. Due to a court order, at this time, no money services business (MSB) under the jurisdiction of the U.S. District Court for the Southern District of California is required to submit information to FinCEN pursuant to that GTO. These MSBs may, however, voluntarily submit such information to FinCEN."
